CLIENT BRIEF

The homeowners are a young couple. The wife is a music teacher, so they requested a home that could accommodate various musical instruments, including a trumpet, guitar, and cajón.

屋主是兩位年輕夫婦，女主人是音樂教師，家裡需要存放多種樂器，包括小號、吉他和木箱鼓等。

DESIGN STYLE

Saipen Ng, founder and design director of L Vogue Design, said: “We named this project ‘The Night of Sonata’. The design focuses on an open layout and a moody vibe, using clean lines and a mix of modern and retro elements to create a stylish, inviting space. This design allows the couple to enjoy a relaxed lifestyle and a work-life balance.” The design features unique materials, dark tones, and trendy elements to create a jazz-blues ambiance.

L Vogue Design創辦人及設計總監Saipen Ng表示：「我們將這住宅項目名為『奏鳴夜』，設計概念以開放式佈局和情調氛圍為中心，巧妙運用線條及現代復古元素打造出別具情調的時尚空間，讓戶主享受輕鬆自在生活，在工作與休閒之間取得平衡。」設計融入獨特質材、暗調色彩和時尚元素，讓夫婦倆生活在爵士藍調之中。

RECONFIGURATION

Originally, the space featured a three-bedroom, two living-room layout, with an additional storage room. After reconfiguration, the home now features three main areas – the living room, dining room, and a reading area. It also includes one master suite and a storage room.

原為三房兩廳間隔，另附一個儲物房。重新規劃後，設計師整合出三個主要區域：客廳、餐廳和閱讀區。全屋僅設一個主人套房，以及一個儲物房。

CHALLENGE

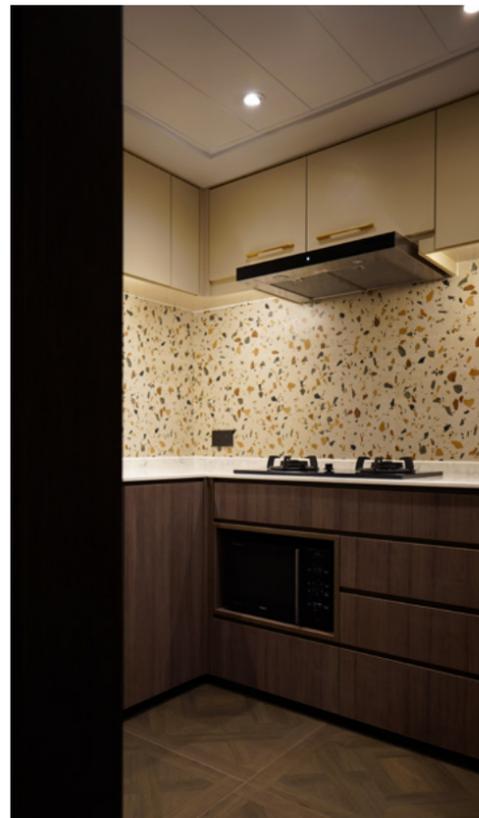

The original layout had a diamond-shaped living area. Placing the sofa, TV, dining table, and chairs in the usual way made the space feel cramped, with the sofa and TV wall too close together.

原有間隔為鑽石形廳，若以一般常見的方式擺放梳化、電視機、餐桌、餐椅，客廳的梳化和電視牆距離太近，感覺稍嫌侷促。

SOLUTION

The designer removed one room to give way for a bigger, open-plan living and dining room that includes a study. The desk is designed in an irregular shape to fit the angular space. Additionally, the original storage room was reduced in size to allow for a larger dining area, which now includes storage and display cabinets.

為擴大客、飯廳空間，設計師拆掉其中一個房間，並將空間納入廳中，在開放式大廳中規劃閱讀區，當中書枱以不規則形狀設計，迎合尖角形空間。此外，將原有的儲物室縮小，騰出空間擴充飯廳空間，並於飯廳設收納陳列櫃。
